

## Getting Started for Clinical/Bedside Teaching Entries

1. You can navigate to Education Database directly <https://ed.obgyn.ubc.ca/> or via our website <https://obgyn.ubc.ca/>.
2. To Login select **Education Database**

3. The Blue Login screen is shown below. You will need your username and password to login.

The screenshot shows the login interface for the Education Database. At the top, it says 'Department of Obstetrics and Gynaecology' and 'Education Database'. Below this is a large graphic with the title 'Education Database' and 'Obgyn Access Manager'. The graphic includes an icon of a person at a computer and three people. To the right of the graphic are input fields for 'Username:' and 'Password:', and a 'Login >>' button. At the bottom, a red circle highlights the text: 'Forgotten login or password? Need your password reset? Click [here](#) for assistance.' The footer mentions 'Upgraded June 2019 (php 7.2.34)' and 'Need help? Contact: [webmaster](#)'.

Request assistance if you need login help.

4. On entering the Education Database, the Home page looks like the following. If you click on the blue box with the cross in it, the **Current Teaching Entries** will display. This shows you all teaching that has been entered, both by yourself and other administrators for the Resident, Fellow or Undergraduate teaching you have participated in over the calendar year.
